Our program includes traditional Utilization Management pre-certification services along with Case Management clinical coordination and Disease Management focused education.

Simply partnering with one vendor for medical review and wellness services helps your members achieve cost-effective care and optimal health.

To minimize risks for chronic disease and catastrophic claims costs, Clinix delivers healthcare and self-care education to members who can benefit from it.

We provide Population Management through:

- Utilization Management, including pre-call, maternity high-risk screening, re-call and short-term discharge planning
- Short-term and catastrophic Case Management
- Disease Management, including asthma, cardiac, diabetes and maternity programs to educate and influence patients' self-care behavior
- A team of registered nurses, dietitians and physician consultants
- Coaches to help your members achieve wellness and access cost-effective healthcare and providers
- Nurse educators who make regular contact with members to deal with health issues before they become a crisis
