

Clinix Healthcare's Disability Management program keeps recovery and productivity on track and costs down

ABOUT CLINIX HEALTHCARE

We are a full-service, accredited healthcare management company. Our responsiveness, clinical and managed care skills simplify the most complex benefits administration.

APEX The Clinix APEX Clinical Portal simplifies clinical data exchange and management for your staff. With secure features like 24/7 Internet access, multiple user accounts, case review submission and real-time case information and reporting.

We work together to improve the likelihood your employee will successfully and appropriately return to work as soon as practical following an injury or treatment for disease.

We provide recommendations to control the disability's length of time.

Clinix reviews the injured or ill employee's diagnosis, age, gender, concurrent medical conditions, job functions and prescribed treatment regimen. This review helps determine the appropriate duration of the disability absence.

Clinix Disability Management services specifically include:

- Short-term, long-term and total disability reviews
- Claim and specialty reviews by registered nurses and physician consultants with rehabilitation and disability expertise
- A review for sufficient documentation to determine the appropriate disability absence duration
- A review with the attending physician about any areas of disagreement
- An Independent Medical Exam (IME) if requested

ACCREDITED
Health Utilization
Management
Expires 12/01/2026

ACCREDITED
Independent Review
Organization: External
Expires: 01/01/2027

OUR DISABILITY MANAGEMENT PROGRAM focuses on reducing the probability of an employee moving to long-term disability.
